

# Internet Social Promoter

Positions invite only.

---

Sexy Cash LLC.  
Chico, CA.

## Overview

The main objective of an Internet Social Promoter (ISP) is to promote the company's website and its affiliates. As an ISP, you will spend time promoting and driving traffic to the different websites on various social media platforms and mobile apps. Confidence and charm will take you a long way in this job and could be a great side gig for anyone. You can do this job anywhere in the world.

## Requirements

1. Must be 18+ with valid ID
2. Mobile device with internet connection.
3. Social skills with alluring great charisma.
4. Willingness to talk to people and promote online.

## Goals

1. Promote company's website and its affiliates.
2. Drive traffic to company website and promote company's social media pages.

## Specific Tasks

### Live Stream

You will need to download a few popular apps which give you the ability to do live broadcasting with people around the world. You can use these apps to promote the website.

### Snapchat Takeover

A Snapchat takeover means you will be using the company snapchat account as a personal account, to post pictures and promote the company website to its fanbase/followers. You will use the Snapchat mobile app to do Snapchat takeovers for one week out of the month.

## Rules

1. You cannot give away your personal information (name, phone number, address, etc.). Doing so may lead to termination on company accounts.
2. You may not promote and or advertise your own social media platforms, personal accounts, website, or projects using company accounts.
3. Must not show nudity on any company accounts.

## Necessary Apps

These are the apps you need to download which you will be using to promote the website.
